

Puget Sound Educational Service District
Early Learning
Center Director Professional Learning Communities
2015-16

Note: We made some changes of PLC configurations based on Center Director feedback, PLC size, and grouping of like programs. We are currently working on facilitator assignments and are excited to add some new facilitators. Each PLC will have at least one facilitator who was with you from last year.

If you have questions, please contact Merri McBride – Mmcbride@psed.org
