Survey

Please complete this short survey (one per Subcontractor) to help us prepare for a conversation about Professional Learning at the October Center Directors Meeting.

1. I was aware of who to talk to when I had questions about professional learning plans for my staff. YES NO
2. I worked with each of my staff members to develop a Professional Learning Plan to meet the requirement of 15 hours of professional learning. YES NO
3. We had Professional Learning Plans in place but some staff were still unable to complete all 15 hours of required professional learning. YES NO
4. Some of the barriers to completing the 15 hours of professional learning include: (check all that apply)
 - Not enough time in my schedule to meet with each staff member.
 - Not enough in my budget to pay staff for training time.
 - Not enough opportunities available for high quality professional learning.
 - Staff resisting participation and lack of follow through to find appropriate experiences.
 - Including professional learning in staff meetings is challenging because we meet with the rest of the school and the agenda isn't our own.
 - Other:
5. We easily met the required number of high quality professional learning hours and this is how:
