Retesting

It is important to be well prepared before taking the test for the first time. Each testing center has its own policy on the length of time a candidate must wait before repeating a test. No one, however, may take more than three re-tests of any individual test within a year's time. A fee of up to \$10 is charged for each re-test. The entire test, once passed, may not be taken again to increase the score without approval from the state office.

For more detailed information you can go to http://www.sbctc.ctc.edu/public/y_ged.aspx
