Enrollment Maintenance

Cumulative Data for School Year: 2014-2015
 Contractor: ESD 121 - Puget Sound ESD

This report only includes children with an actual class start date. It shows whether a unique child has attended class for each of your slots within the first 30 days of class. Then it counts all slots that are vacant for 30 or more days.

Site	Latest class start date	First 30 days			Slots vacant 30 days or more	
		30th day from latest class start	Date 100% of slots filled with children who attended class	Fully enrolled within 30 days or by October 30, whichever is earlier	Cumulative for school year	As of report date
