

ELMS Health Status by Child Report

1) In ELMS, click on **Reports** tab

2) Click on **Health** tab.

3) Click on **Health Status by Child** Report – Health Status by child gives you information on each child in a class, but it is not specific as to when actions occurred, rather it is whether or not an action (exam/screening/immunizations) occurred or did not occur. (*Health Monitoring is information on how complete the overall exams/screenings in a class are. It does not refer to individual children.*)

4) Set school year to current year

5) Select site (and class, if relevant) you would like to display

6) Click on "Run Report"

ECEAP

Health Status By Child

School Year: 2013-2014
 Data As Of: 05/21/2014
 Contractor: ESD 121 - Puget Sound ESD
 Sub Contractor: YMCA of Tacoma/Pierce County
 Site: YMCA of Pierce Kitsap Counties Puyallup ECEAP
 Class: YMCA PUY1

This report shows children's status as of today. It is intended for use by health direct service staff to help guide work with families and is not intended for monitoring. This report has different data than the Health Monitoring report or the health sections of the Monitoring Dashboard. For example, if a child had a well-child exam that met the Standards but is more than 12 months old as of today, it shows as a NO below so that you can support families to get a new exam but is counted as compliant on the monitoring reports.

Child Name	Site	Enrollment Date	Medical Home	Medical Coverage	Well Child Exam Up To Date	Individual Health Plan	Dental Home	Dental Coverage	Dental Screening Up To Date	Immunizations Up To Date	Last Vision Screening Result	Last Hearing Screening Result	Last Height/Weight/BMI Screening Result
		12/9/2013	Yes	Yes	Yes	n/a	Yes	Yes	No	Yes	Pass	Pass	

7) Report includes monitoring data by child, including:

- Immunization (by child's first day in class)
- Sensory screening and growth assessment (required at 90 days, preferred by 45 days)
- Well-child and Dental Exam (within 90 days of first day in class)
- Medical home/coverage, dental home/coverage
