Dear Family Support Specialists, Family Educators, Family Advocates, Home Visitors, and Center Leaders,

ERSEA Re-Design – We hear you!

We heard from many of you that the ERSEA (Eligibility, Recruitment, Selection, Enrollment, Attendance) system needs to be re-designed. Over the last couple of years, we've collected your input and have compiled the problems and possible solutions into the attached document. We think this is a helpful tool to use as you prepare to take the survey linked below.

ERSEA Survey – Purpose

We've collected your input on problems and possible solutions, and need you to do a few more things to ensure that we have all the information we need.

In the [online survey](#), please:

1. read each problem statement and rate the level of impact
2. for that problem statement, read the possible solutions and add any others you think are important
3. share any additional problems and corresponding solutions that we've missed

ERSEA Survey – Complete by December 1

We know this is a short work week, and many of you have conferences and/or are just beginning to breathe a little bit after the fall enrollment rush, so we've given you until December 1 to do the survey. Your Family Engagement Coach will follow up to remind you.

Immediate Next Steps

Shortly after December 1, we will follow up with you to share your aggregated input. At this time, we'll also share the timeline and process for moving forward, including opportunities for additional input.

ERSEA Re-Design Goal

Our goal is to roll out a new ERSEA system by **January 31**, and training will start in February.

Thank you for working together with us!
