## **E-ALERT – E-ALERT – E-ALERT**

### **Attention all Teaching Staff and Center Directors,**

The new procedure and form for setting Individual School Readiness Goals in Head Start and ECEAP is now available in the Early Learning Program Manual (ELPM). The [Conferencing with Families Procedure](#) gives details about how to partner with families during your conferences and home visits to set individualized goals. The [Individual School Readiness Goals Form](#) has been slightly modified to align with the new HSELOF Manual which can be reviewed [here](#).

As noted in the September and October Connector Education articles, we have reduced the number of goals required to be written quarterly to a minimum of 3 goals per child. Please read the procedure to understand how to choose the three goals. Continue to include at least one IEP goal for children receiving special education services.

The updated ISRG Form is also available in NCR paper. These will be distributed at the Center Director's meeting on Thursday, October 19. Call your site support team if you need additional help to have your forms delivered.
