

## Fuel Up! Game

Have groups of 2-4 children play a “board game” in the outdoor play area, using their bodies as the “game pieces.”

**Materials:** Sidewalk Chalk, “game cards”

**TS GOLD Objective 20:** Uses number concepts and operations

**Related Objectives:** 1, 3, 4, 6, 8, 17

1. Create a pattern with sidewalk chalk made of 15-20 connected squares (as if on a game board) in the outdoor play area.
2. Pick a plan for who goes first (shortest to tallest, youngest, etc)
3. The first child picks the card from the top of the pile and you help them read the picture directions. They move (or don't move) in the manner and for the number of spaces according to the directions.
4. Continue until all children have made it to the end.

## Ideas and Notes:
