

## Asking for Help

My name is \_\_\_\_\_ and I am \_\_\_\_\_ years old. I go to preschool at \_\_\_\_\_.

There are so many fun things to do at school. We eat snack, play outside, play with toys and more! Some of my favorite things are

\_\_\_\_\_ and \_\_\_\_\_.

Most things at school I can do all by myself. Sometimes there are things at school that I am still learning to do on my own. All kids at preschool are learning to do new things.

If I need help with something I can ask a teacher or a friend. It is OK to ask for help. Some things I might ask for help with are \_\_\_\_\_ or \_\_\_\_\_.

I can ask for help by getting my teacher or friend's attention by saying his/her name. When my teacher or friend is looking at me, I can say, "Can you help me please?" We can work together to get the job done!

It makes my teachers and friends happy when I ask for help when I need it!
