

# Prompts for Facilitating IDSS Conversations with Families Guidance

## Box 1: What Have You Observed About Your Child's Development?

- What changes have you noticed in your child's development at home since we last met? (Refer to the ELOF domains chart at the bottom of the page to help family identify specific domains in which their child is progressing)
- Were there any strategies you tried that seemed to work well? Or did not work well?
- What do you feel are your child's strengths?
- Do you have any concerns about your child's development?

## Box 2: What Strategies Are You Using to Support Your Child's Development During Daily Care Routines? *Remind families: We know Infants and toddlers learn best through interactions with their primary adults. Daily care routines offer an opportunity for these rich interactions.*

- What is happening for you and your child during care routines? (You may need to help a parent get started by identifying some routines such as diapering, mealtimes, bedtime, playtime, etc.)
- Is there something specific you would like to focus on in your child's development?
- Is there a specific routine, or routines, you want to focus on?
- Are there any next steps in development that you want to focus on? (Refer to the ELOF domains to help families identify possible goals or next developmental steps)
- What are some strategies you would like to try during these times to support your child's growth and development?
- *If applicable:* Which of these strategies support your child's IFSP?
