

Cycle of Assessment and Curriculum Using MyTeachingStrategies (MyTS) – 2019-2020

- *Observe and collect facts through observation and documentation. A minimum of four pieces of documentation per month per child for Preschool children. All children should have at least one piece of documentation in Social/Emotional, Physical, Language, Cognitive, Literacy, and Math per quarter (English Language Acquisition if applicable).
- **Conferences/Home Visits can occur any time during the quarter to engage families in the assessment process.
- Individual School Readiness Goals are developed with families during conferences or home visits. Document in the family file.
- ***Teachers can use the Classroom Profile Report to summarize School Readiness Goals.
- ****Developmental screening and enrollment information from families are used in the individualizing and planning process as new children are enrolled.
- Additional resources can be found at www.earlylearningwa.org and www.teachingstrategies.com.
